

Give your children this unique opportunity to see and apply, hands-on and while having fun, the science theories they study in class. Science is an essential subject in your kids' curriculum, yet it can be hard to grasp without seeing its practical applications. For over 25 years, we continue to nurture the love of science in children by delivering the essential notions in a fun and exciting way! Mad Science programs are synchronized with CT's curriculum and are NGSS (Next Generation Science Standards) compliant

Gross Science

Each session is a live, **INTERACTIVE** on-line one-hour genuine Mad Science program with demos, activities, and your own easy to do hands-on experiment. Each student will receive a home kit, with most materials needed for class. (A few simple household material required)

Date: Wed, Jan 27 – March 3 (6 weeks)

Time: 4:30pm-5:30pm

Grades : 1-5

Locations: At home, via Zoom

Fee: \$126

Register at www.eastonrec.com

Are you interested in smelly, goey, icky and creepy things? If so, this is the program for you! Did you know most stinky things are chemical reactions? Or farts, snot and burps are healthy bodily reactions? Or how caterpillars disguise themselves as bird poop? We have tons of crazy, gross chemical reactions that you won't want to miss! Get ready to learn the science behind all **GROSS THINGS!**
